

23RD NATIONAL DISABLED VETERANS WINTER SPORTS CLINIC

www.wintersportsclinic.va.gov

Miracles on a Mountainside

Snowmass Village, Colorado

Sunday, March 29 - Friday, April 3, 2009

Story Angles:

- Rehabilitation
- Prosthetic Advancement
- Health and Wellness
- Human Interest
- Disability Transition
- Camaraderie Among Veterans

The National Disabled Veterans Winter Sports Clinic is a life-changing event that promotes rehabilitation to more than 400 disabled veterans from across the country. The Clinic offers a unique media opportunity to tell the heroic stories of courage and determination, as told first-hand by disabled veterans from Korea, Vietnam, Iraq and Afghanistan. Veterans with traumatic brain and spinal cord injuries, amputations, visual impairments and neurological challenges will take the slopes using the latest adaptive ski equipment. We invite you to witness "Miracles on a Mountainside."

To coordinate interviews or acquire b-roll or high resolution photographs of the event, contact Richard Olague at 202.746.8552
